

MATERIAL SAFETY DATA SHEET
MAX Power universal washing powder
(in accordance to Regulation 1907/2006)

Printing date 07.08.2013

Revision: 07.08.2013

1. Identification of the substance/preparation and company/undertaking

Identification of the substance/preparation: MAX Power universal washing powder

Usage: washing powder for washing clothes

Identification of the manufacturer:

benaSONET, s.r.o.

Žatecká 16/8

110 00 Praha 1

Czech Republic

Company reg. no.: 27112560

Taxpayer reg. no.: CZ27112560

Tel.: +420 327 571 364

Fax.: + 420 327 571 364

E-mail: info@benasonet.cz

2. Hazard identification

The preparation is not dangerous.

The most serious adverse effects on the human health by using the product:

It can cause eye irritation.

The most serious adverse effects on the environment by using the product:

Possible incorrect use of the product: not notified

Other information: not known

3. Composition/information on ingredients

Information on hazard components according to the Directive 67/548/EEC:

Chemical name: Sodium Dodecylbenzensulfonate

Content in %: 1,0-3

Number CAS: 85117-50-6

Number ES (EINECS): 285-600-2

Hazard symbols: Xi Irritant

Risk phrases: R 36/38

MATERIAL SAFETY DATA SHEET
MAX Power universal washing powder
(in accordance to Regulation 1907/2006)

Printing date 07.08.2013

Revision: 07.08.2013

Chemical name: Laureth -7
Content in %: 1 - 2
Number CAS: 68002-97-1
Number ES (EINECS): 500-182-6
Hazard symbols: Xi Irritant
Risk phrases: R 36/38

Chemical name: Sodium Percarbonate
Content in %: 2 - 5
Number CAS: 15630-89-4
Number ES (EINECS): 239-707-6
Hazard symbols: Xn harmful
 O oxidizing
Risk phrases: R 8-22-36/37/38

Chemical name: Sodium Carbonate
Content in %: 5-8
Number CAS: 497-19-8
Number ES) EINECS): 207-838-8
Hazard symbols: Xi Irritant
Risk phrases: R 36

4. First-aid measures

General instructions:

In case of health problems or in case of doubts look for medical help.
No serious health problems are awaited in connection with use of the product.

Skin contact: Wash with water.

Eye contact: Wash with a stream of clean water for 15 minutes.

Ingestion: Wash immediately mouth with water, drink about half a liter of warm water and induce vomiting.

If necessary, look for a physician and show him the preparative's package.

Other information: More serious cases should be consulted with the Toxicology information center.

5. Fire – fighting measures

Fire extinguishing measures:

Unsuitable extinguishing agents: adapt to material fire in surrounding

Special danger: - not known

Special protection aids for firemen: - usual protect component for firemen

Other information: - not notified

MATERIAL SAFETY DATA SHEET
MAX Power universal washing powder
(in accordance to Regulation 1907/2006)

Printing date 07.08.2013

Revision: 07.08.2013

6. Accidental release measures

Safety measures for protecting persons: protect contact with skin, clothing, and eyes, Use components of person protection.

Safety measures for protecting the environment: Clean the contaminated space.

Recommended cleaning and defusing methods: not notified

Other information: - not notified

7. Instructions for handling and storage

Handling instructions: Do not eat, drink or smoke while working. Wash your hands with warm water after work. Treat the skin with a suitable protective cream. Prevent contact with eyes, skin and clothes.

Storage instructions: The product is stored in roofed , dry and cold storage areas. Stock according to local/national regulations.

8. Exposure controls/personal protection

Technical measures: see section 7

Control parameters: - not available

Personal protection means:

Protection of breathing organs: -

Eye protection: - protect glasses

Hand protection: - protect gloves

Skin protection: - protect clothes

Other information: - not notified

9. Physical and chemical properties

State of matter : powder with granules

Colour: white with coloured granules

Smell (scent): After perfume

pH : less than 11,5 (1% solution)

Solubility (at):

- in water: soluble

Other information: not notified

10. Stability and reactivity

Conditions under which the product is stable: The product is stable under normal conditions. -

Other information: - not notified

11. Toxicological information

Acute toxicity – not notified

Sub chronic - chronic toxicity: not notified

Sensitization:

Carcinogenicity:

Mutagenesis:

Toxicity for reproduction:

Experiences concerning people:

Tests performed on animals:

Other information:

12. Ecological information

Acute toxicity for aquatic organisms – not notified

Decomposability: The use surfactants are very well decomposable (in accordance to Regulation 648/2004).

Toxicity for other environments: not notified

Other information:

13. Disposal considerations

Methods for defusing the preparative: liquidate in accordance of valid rules

Methods for defusing contaminated packaging: wash out, contaminated liquid to liquidate according of valid rules.

Other information: - not notified

14. Transport information

The preparation is not dangerous

Land transportation ADR/RID

Number UN:

Official name and description:

Safety markers (n.labels):

Danger identification number:

Package group:

Warning table:

Class:

Classification code:

Other information: - not notified

Regulatory information

Relevant information on dangerous substances according to the Directive 1999/45/EC

Identification of the Substances/Preparation: MAX universal washing powder

The preparation is not dangerous.

MATERIAL SAFETY DATA SHEET
MAX Power universal washing powder
(in accordance to Regulation 1907/2006)

Printing date 07.08.2013

Revision: 07.08.2013

16. Other information

The safety list is elaborated in accordance to Regulation 648/2004 and Regulation 1907/2006. . Stated information reflects the current state of knowledge and experiences with the product and they do not represent any guarantee with respect to its properties. The consumer must adhere to all regulations with respect to safety, health protection and environment protection.

The preparation is not dangerous.

The purpose of the safety data sheet is to describe the products in terms of their safety requirements. The information contained is believed to be accurate. However, it is provide solely for the customers consideration, investigation and verification.

Glossary of Risk Phrases:

Risk phrases: R 8 – Contact with flammable matter can cause fire
R 36 /37/38 - Irritating to eyes, airways and skin.
R 36 - Irritating to eyes

Note: Information and recommendation of this safety data sheets were arranged in accordance with information that were provided to producer, our notes, on the basic of tests performed by specialized institutions and in accordance results published in special literature.
